**Proposed Aberdeen City and Shire Strategic Development Plan**

The Aberdeen City and Shire Strategic Development Planning Authority, on behalf of Aberdeen City Council and Aberdeenshire Council, has published a proposed strategic development plan for representations.

The proposed plan is a concise, easy to read document. It contains a vision for the area up to 2035 and sets out how the area needs to change and develop - including the scale and general location of land for new housing, employment and infrastructure improvements.

We have also published a range of supporting documents including a Proposed Action Programme, Strategic Environmental Assessment Environmental Report, Draft Habitats Regulations Appraisal Record, Equalities and Human Rights Impact Assessment and a Strategic Flood Risk Assessment - to which representations may also be made.

Responses to all documents must be received by **5pm on 12 April 2013**.

Representations should use the appropriate form and should ideally be submitted by email (although they can also be posted to the address below).

You can get more information about the proposed strategic development plan from the SDPA website as well as all libraries in Aberdeen and Aberdeenshire, both Council Headquarters and the Strategic Development Planning Authority office.
