Good Morning

I have the following comments regarding the SDP 2018

- a) Proposed southern development area is of historical and natural importance to Aberdeen. It should be protected. One of the ancient causeways into Aberdeen has already been transected by the AWPR.
- b) There are other incomplete approved areas of housing development with substantial capacity
- c) North sea oil related jobs will continue to decline to decommissioning reducing or eliminating the need for additional development.

Regards
Jon Fowles
