Subject: Aberdeen City and Shire Strategic Development Plan comments

Dear Sir/Madam

With regards to the Aberdeen City and Shire Strategic Development Plan I would like to make the following comments:

1. Q2 Spatial strategy

Given the economic challenges facing the oil industry areas around the city of unique historical or ecological interest should be protected to improve Aberdeen city and shire as a tourism destination.

2. Q8 New housing developments should be kept to brownfield sites or sites of low ecological value

3. Q10 Less emphasis should be placed on new developments as the market is currently oversupplied which is driving property prices down.

I am happy to be contacted at the contact details below or by email.

Kind regards,
Dr Mark Moseley
