Dear 

Aberdeen City and Shire Strategic Development Plan – Proposed Plan

Thank you for the opportunity to read and review the proposed Strategic Plan for Aberdeen City and Shire. The Cults, Bieldside and Milltimber Community Council (CBMCC) support the proposed plan. While we would have like to have seen a little more detail given about the proposed traffic interventions in Fig. 2 and Schedule 1, the overall direction of the plan appears sound. Perhaps an updated NESTRANS Regional Transport Strategy will address these in more detail, including the vision for a new Bridge of Dee crossing. We also support the intent of Aberdeen City and Shire to continue with the preparation and publication of a Strategic Development Plan for our area of North East Scotland.

Yours sincerely,
